ABOUT US

Yogi Intermediates Pvt Ltd comes with **25 plus years** of experience, as a leading manufacturer of Bromine & its Derivatives. Yogi in Sanskrit means a person who joints or creates bonds & same in chemistry it means bonding molecules & creating compounds.

GROUP OF COMPANIES

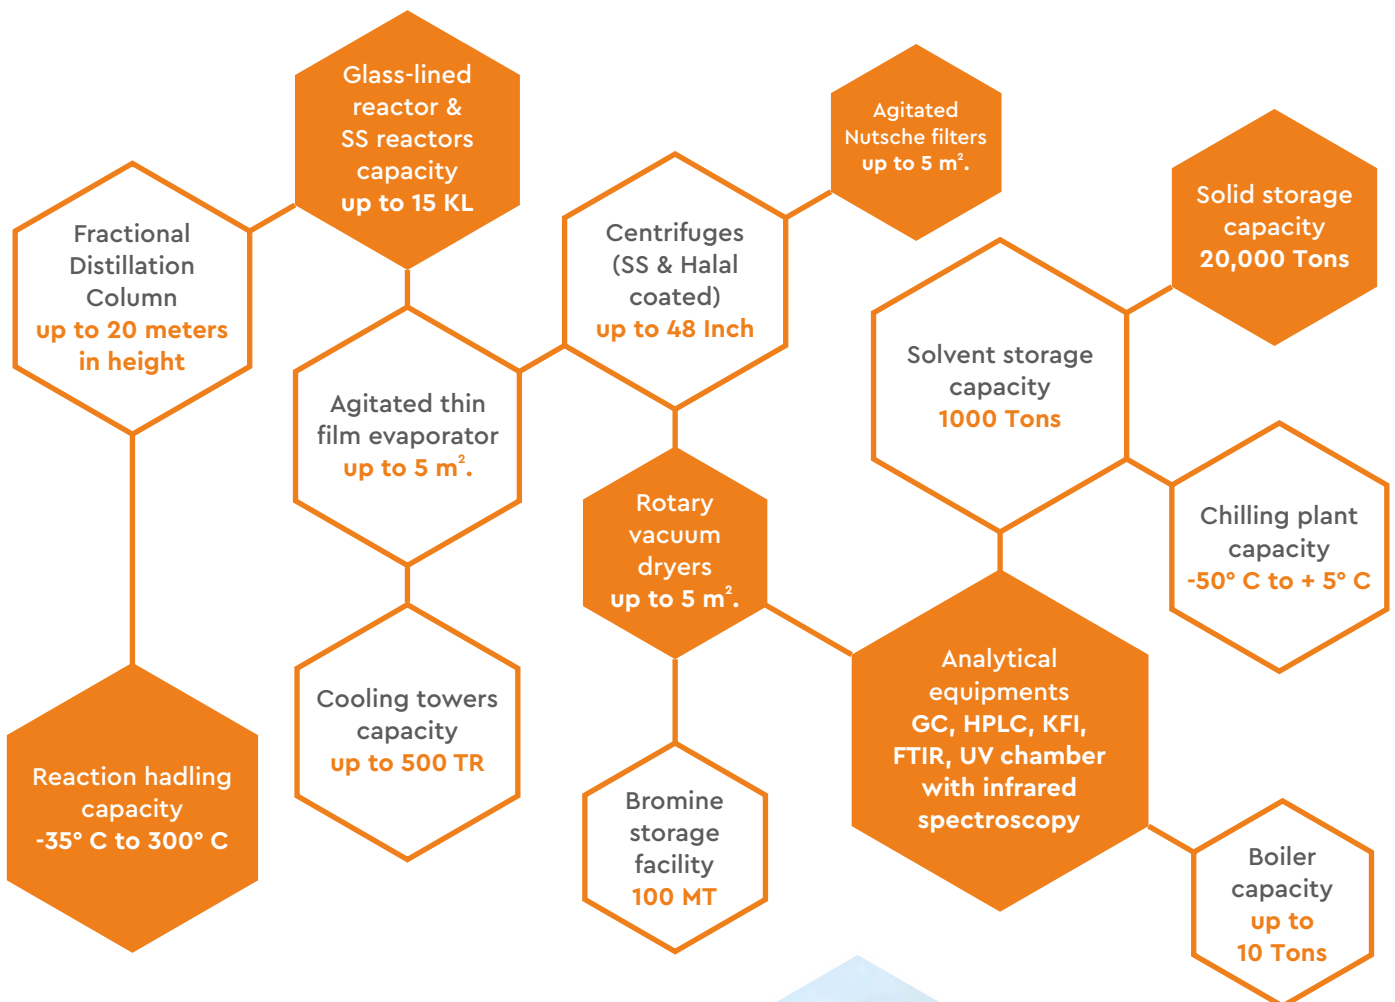

Yogi ENTERPRISE

Crystal Greenchem

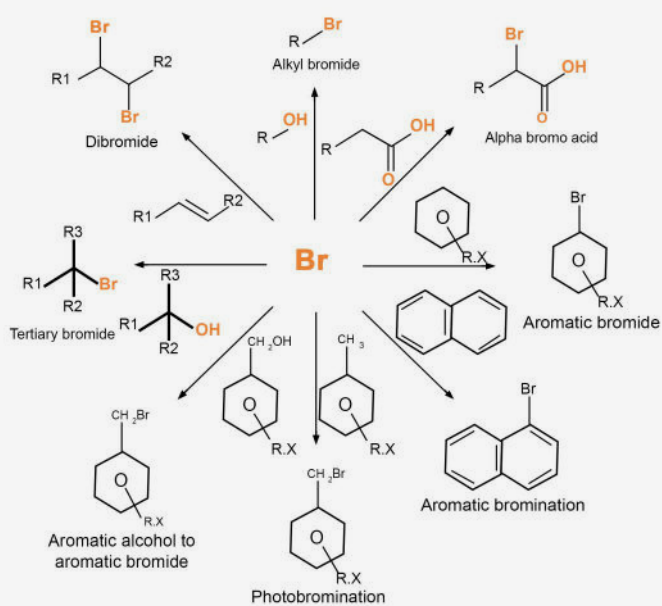

INFRASTRUCTURE

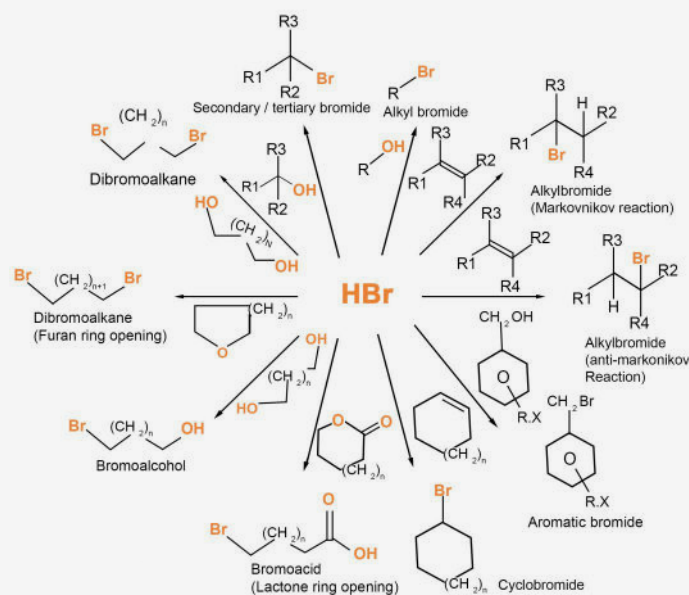

Yogi Intermediates have a modern, well-equipped and in-house R&D Lab for testing, new Product Development and constant improvement in the existing product lines.

Yogi Intermediates are in a constant process of developing technologies and materials harmonizing with the global environment while maintaining competitive advantage in its business domains.

CRAMS

Contract Research & Manufacturing Services

At YOGI We offer the following services under CRAMS

- Synthetic Route Design & Scouting Services including flow chemistry
- High-end Chemical Process Development & lab Demonstration
- Process Engineering (Data Generation) & Process Impurity Profilin (including impurity & reference standard synthesis)
- Kilo & Pilot Scale Manufacturing (non-GMP)
- Process Validation followed by Commercial Manufacturing

QUALITY CONTROL

At Yogi, We Follow a process through which a business seeks to ensure that product quality is maintained or improved. Quality control requires the company to create an environment in which both management and employees strive for perfection.

QUALITY ASSURANCE

At Yogi, We are committed to provide complete customer satisfaction through product quality, timely delivery, learning from customer feedback, proper training of employees, sustainability and achieving continual improvement in the quality management system.

CERTIFICATIONS

Our certification speaks volumes about our potential and quality. We are deeply committed to deliver nothing less that the best.
